# Chinese see 'war clouds'

HONG KONG (UPI) — China said Friday that "the dark clouds of a new world war are hanging more heavily than ever because of Soviet-American rivalry."  
"A violent storm is gathering over the horizon and nothing can stop it," an article in the People's Daily, official newspaper of the Chinese Communist party said, in a review of the year.  
The article was published in Thursday's edition of the Peking-based newspaper, The New China News Agency transmitted translated excerpts from the lengthy article today.  
"Nineteen Seventy Five has seen an intensified scramble between the two superpowers for hegemony and the dark clouds of a new world war are hanging more heavily over the peoples," the article said.  
"The arms race between the Soviet Union and the United States is proceeding at a feverish pace never seen before."  
"In the world today, only the Soviet Union and the United States are in a position to launch a world war. They are the source of a new world war."

# Sales tax cut eyed for Idaho

IDAHO FALLS, Idaho (UPI) — Sen. Dale Watkins, R-Idaho, today feebly, but in time, Idaho taxpayer got some tax relief since the state keeps coming up with a surplus in the general fund.  
Watkins said today he would introduce a bill in the forthcoming session of the Idaho Legislature, starting Jan. 5 in Boise, to reduce the sales tax to 2.5 per cent from three per cent.  
"This legislation could bring \$13 million in tax relief," Watkins said.  
Watkins pointed out that the state's coffers have been "over-loaded" some \$20-\$30 million because of the two large surpluses the last two years.  
"This has been deceiving and unfair to Idaho citizens," he said. "Our surplus for this year again looks good."  
In fact, Watkins said he understood that this year's surplus "could be at least \$11 million. We should adjust our tax structure to what we have been appropriating and not over-tax Idaho citizens."

# War memories could kill survivor

JENKS, Okla. (UPI) — The Germans failed to kill Alfred C. Sherman 30 years ago but vivid memories of World War II may be fatal for the twice-wounded veteran.  
Sherman, 54, walked away from a nursing home Monday and fled into the nearby snow-covered hills.  
His family fears he may hide from rescuers, thinking they are Nazi soldiers trying to capture him.  
Sherman, a diabetic who was wounded in the back and leg in Europe, recently suffered a stroke. Family members said since then he has been confused about time and circumstances.  
"Since he had the stroke he's talked about it, the war, continuously," Mrs. Sherman said. "He'll cry and he'll say, 'I'll be glad when the war's over so I can go home.'"

"We want to make a little money off lots of people —  
Not a lot of money off just a few"

# Holiday crush

**WILD DUCKS** from Siberia were observed jamming a pond in Ueno Park near Tokyo. The ducks are from Siberia, but have flown south to Japan for the season, a sure sign that winter has arrived in Asia.

# Andrus asks study delay

BOISE (UPI) — Gov. Cecil D. Andrus is seeking a three-month delay on completion of a federal study of proposed phosphate mining in Southeast Idaho to allow state agencies more time to comment.  
The governor requested the delay in a letter this week to Secretary of the Interior Thomas S. Kleppe, and William J. Schneider, Pocatello, head of a Department of Interior task force.  
Last month, Andrus criticized a preliminary draft statement because state agencies had not been consulted by the task force. As a result of Andrus' objections, an agreement was reached between the governor and Schneider that the state agencies would estimate how much time they needed to complete comments and Schneider said he personally would grant a 30-day delay.  
State agencies since have indicated they need anywhere from sometime in January to March 1 to make their comments.  
Andrus wrote Kleppe and Schneider that he concurs with the analysis of the directors of several state agencies and the administrators of the Idaho environmental and planning offices that there are "serious deficiencies in the methodology and substance of the preliminary draft."  
"Furthermore," he added, "the widespread impact of proposed increased phosphate development merits closer attention from the state even though most of the deposits involved are being managed by federal agencies."  
Andrus said that without input from the state agencies the draft statement "would exhibit severe weaknesses leading, I believe, to even greater delays following public exposure through the hearings to be scheduled."  
Eight companies have proposed 16 new phosphate mines in southeastern Idaho, involving 121,000 acres. Four new processing plants also are proposed for the Soda Springs area by 1981.

## We can help you save up to \$1,500 a year for your retirement TAX FREE!

No matter what your profession or trade, if you don't already have a retirement plan, an Individual Retirement Account (IRA) at Bank of Idaho can provide retirement income for YOU!

Here's how it works. You determine the amount you would like to put away periodically in an interest-earning savings plan. Everything you set aside up to \$1,500 a year — or 15% of your annual-earned income (whichever is less) and the interest earned (from 5½% to 7½%) is TAX FREE until the time you actually retire and begin to collect those accumulated savings. Then they are only taxed each year as you collect them...

Take advantage of IRA before December 31 and get a tax deduction THIS YEAR. Come in today and let us help you plan for your future security.

We can help YOU at
